“Thanks be to God for His indescribable gift!” 2 Corinthians 9:15

It is with a sense of gratitude that we write to you during the Nativity season. As this letter is being written many wonderful things are taking place in our small parish, and for this our hearts are overjoyed. We continue our efforts to maintain and preserve our property, **which is why we are asking for your donation today.**

Thanks to you, we were able to gild our main cupola, reseal the walkway around the church, and purchase a new copier for our Russian School. Your charitable gifts made these things possible, and now we look for your help to repave, restore, and stripe our parking lot. Make an immediate impact in the restoration of our spiritual sanctuary, and **we pledge to maintain our temple, dedicated to the birthgiver of God, the Holy Theotokos- for you, for your loved ones, for every person in our community, and for future generations.**

The Nativity is an important time for us. It is at this time when we again seek your support for the continuation of our parish. The picture below, and on the back of this letter, give a glimpse of how we endeavour to preserve our Church’s heritage – at Christmas and throughout the whole year. We hope you are able to give generously, and have included a commemoration slip to submit your prayer request along with your offering.

With Gratitude, In Christ,

Father Elias Gorsky, Parish Rector

Father George Larin, Rector Emeritus
